BUSH KINDY - STARTING A BUSH KINDER OUTDOOR LEARNING PROGRAM

*KING'S PARK, WA
7th June
9.30am - 3.30pm*

Join us in King's Park for 'The Nature of Learning'
Early Life Foundations and our consultants have been working with WA educators since 2012. We are the sole providers of Walker Learning and now bring you Nature-Based Learning.

This session provides lots of ideas for taking learning outside, integrating nature and curriculum outcomes and including natural elements in nature-based learning. It continues the philosophy of Walker Learning, developing the whole child through a holistic and personalised pedagogy.

The session includes a guided walk through King's Park in the morning and a presentation on the nature of learning followed by an afternoon session of practical ways you can start a Nature Play Program back in your own setting. This PD is suitable for teachers and educators working with children aged birth to 5 years.

APTS – 4.1, 6.2 & QA - 1, 2, 3, 6
